

<b>Course Name</b>	40364A Database Administration Fundamentals
<b>Course Duration</b>	3 Days
<b>Course Structure</b>	Instructor-Led
<b>Course Overview</b>	<p>This three-day MTA Training course helps you prepare for Microsoft Technology Associate Exam 98364, and build an understanding of these topics: Core Database Concepts, Creating Database Objects, Manipulating Data, Data Storage, and Administering a Database. This course leverages the same content as found in the Microsoft Official Academic Course (MOAC) for this exam.</p> <p>The Microsoft Technology Associate (MTA) is Microsoft's newest suite of technology certification exams that validate fundamental knowledge needed to begin building a career using Microsoft technologies. This program provides an appropriate entry point to a future career in technology and assumes some hands-on experience or training but does not assume on-the-job experience</p>
<b>Course Outcome</b>	<p>After completing this course, students will be able to:</p> <ul style="list-style-type: none"> <li>• Understand Core Database Concepts</li> <li>• Create Database Objects</li> <li>• Manipulate Data</li> <li>• Understand Data Storage</li> </ul>
