

Course Name	40365A Windows Server Administration Fundamentals
Course Duration	3 Days
Course Structure	Instructor-Led
Course Overview	<p>This three-day MTA Training course helps you prepare for Microsoft Technology Associate Exam 98365, and build an understanding of these topics: Server Installation, Server Roles, Active Directory, Storage, Server Performance Management, and Server Maintenance. This course leverages the same content as found in the Microsoft Official Academic Course (MOAC) for this exam.</p> <p>The Microsoft Technology Associate (MTA) is Microsoft's newest suite of technology certification exams that validate fundamental knowledge needed to begin building a career using Microsoft technologies. This program provides an appropriate entry point to a future career in technology and assumes some hands-on experience or training but does not assume on-the-job experience.</p>
Course Outcome	<p>After completing this course, students will be able to:</p> <ul style="list-style-type: none"> • Understand Server Installation • Understand Server Roles • Understand Active Directory • Understand Storage • Understand Server Performance Management
